Birth Control Pill Thought to Be Fatal

By HARRY KELLY

WASHINGTON (AP)—The U.S. government, still tracking down remaining stores of thalidomide, has revealed that six women died after using another drug—a birth control pill known as Enovid.

As yet, the Food and Drug Administration said Friday, there is no evidence the tablets caused the deaths. But both the manufacturer, G. D. Searle & Co. of Chicago, and the FDA have the drug under an "intensive investigation," the agency said.

The immediate cause of all the deaths apparently was thrombophlebitis, blood clots accompanied by irritation of the veins.

In addition to the six deaths there have been 20 non-fatal cases of thrombophlebitis among women who have taken Enovid, the FDA reported.

The U.S. statement was issued after British medical authorities issued a warning against the use of the contraceptive pill.

The British Medical Journal reported four women in Britain developed thrombosis after taking the pill—called Conovid there—and one of them died. It said there are similar instances in the United States.

As did the American officials, the British journal stressed that evidence linking the pill to the illnesses and deaths is at present circumstantial.

The Enovid development came in the heels of an outcry over the dative, thalidomide, blamed for a malformation of thousands of infants in Europe whose mothers took the drug during early pregnancy.

U.S. officials said Friday that supplies of thalidomide it has been able to locate in U.S. doctors' hands have been destroyed.

However, officials still have not been able to reach 150 of the 1,231 physicians who are reported to have received the drug for experimental use. These physicians were vaccinated or had moved. The FDA said it was continuing its efforts to locate them.

Thalidomide was kept off the American market by a government scientist, Dr. Frances Kelsey, who refused to approve the marketing application. But it was distributed extensively for clinical testing.

The FDA said in announcing the investigation of the birth control pill and the six deaths that "The question of the possible causal relationship is under intensive investigation by the manufacturer as well as the Food and Drug Administration."

Air Cancels Reservation in Drug Case

LOS ANGELES (AP)—Actress Sherri Finkbine and her husband have canceled a reservation for a flight to Sweden and are thinking about going to Japan for her planned abortion, an airline said today.

Scandinavian Airlines, which said the couple booked on an 11:30 p.m. PDT flight to Stockholm, said Phoenix school teacher Robert Finkbine telephoned the message to its airport office.

Mrs. Finkbine, a pretty television performer and mother of four, fears her expected child might be born with a drug-caused deformation.

The airline said Finkbine from nearby Beverly Hills, where they apparently are visiting friends.

An airline spokesman quoted Finkbine: "We have not made up our minds. We're seeing about a Japanese visa."

Abortions are legal in both Sweden and Japan. They are not legal in Arizona, except to save the mother's life.

Mrs. Finkbine's fears result from a drug, thalidomide, she says she took to placate nausea during the early stages of her pregnancy. The drug since has been blamed for deformities in thousands of babies born in Europe, Australia and Canada.

Weather

Total 1962 precipitation through the month of July, 29.01 inches; during the same period last year, 32.89 inches.

Fair to partly cloudy and warm today and Sunday with few widely scattered thundershowers. High today 88-95 low tonight mid 60s.

THE FIGHT GOES ON—Time: 1954. Scene: Oakton, Va. Event: Dr. Richard Mulvaney administering the first shot of Salk polio vaccine to Randy Kerr, 6, photo at top. Now almost 15, Randy, bottom photo, is leading Polio Pioneers, a teen-age organization raising funds to build a laboratory wing at the Salk Institute for Biological Studies in San Diego, Calif. Here, Randy pins a campaign button on Crystal Brown, 18, of Warwick, R.I., in Washington, D.C.

President to Help Open Power Project

WASHINGTON (AP)—The White House announced today that President Kennedy will participate in ceremonies opening a power project in South Dakota and an irrigation system in California on the weekend of Aug. 17-19.

Kennedy will be present for the ground-breaking on the San Luis project near Los Banos, Calif., on Aug. 18.

On the way to California, the President will stop at Pierre, S.D., and turn a switch starting circulation of power from the Oahe Dam on Aug. 17.

White House press secretary Pierre Salinger said the President is likely to stop at other places, either going or coming.

Kennedy now expects to leave Washington the morning of Aug. 17. It has not yet been decided where he will spend either that night or the next.

The White House said he probably would head back the night of Aug. 19, landing at Andrews Air Force Base near Washington next morning.

Kennedy will spend next week-end in Maine, participating in a charity event at the Brunswick Naval Air Station on Friday evening before going to the island home of former heavyweight champion Gene Tunney for the remainder of the weekend.

The White House confirmed that Kennedy will stay at the Tunney vacation home on John's Island in John's Bay.

Kennedy plans no public appearances except for the affair at the naval air station while in Maine.

2nd Operation to Restore Vision

HOUSTON, Tex. (AP)—Nine-year-old Bill Bradley underwent a second operation Thursday to restore the vision he lost when struck by lightning while trying out for a hometown pee wee baseball team.

Surgeons performed an operation here to remove cataracts from the blind Arkansas youngster's left eye Thursday morning. A similar operation was performed on his right eye last Thursday.

The cataracts formed shortly after the accident last April. The boy's mother, Mrs. William Bradley, said it would be about next Tuesday before Bill's doctor could tell if the first operation was a success.

Bill, a scrappy, blond-haired youngster from El Dorado, Ark., was guest of honor last week at a baseball game between the Houston Colts and San Francisco Giants.

The youngster met many of the ball players, but took a shine to third baseman Bob Aspromonte, who hit a home run for the boy.

Jail Break at Wynne Foiled

WYNNE, Ark. (AP)—Cross County Sheriff Joe Wood said today several prisoners attempted to break out of the county jail at Wynne Thursday night but were caught in the act of picking the cell lock.

Wood said the attempted break was discovered by his son, Harold Wood, who is deputy collector and lives on the fourth floor of the Cross County Courthouse and jail.

He did not say how many prisoners were involved.

The younger Wood called chief deputy Ivy Ringgold, who transferred the prisoners to another cell. A search turned up tools for picking locks and some beer and wine.

The sheriff said the prisoners admitted attempting the break. Wood said the intoxicants and the tools were smuggled into the cell on the fourth floor of the courthouse. He said the prisoners pulled them up to the window with a string.

An investigation was under way, he said.

Exposed to a Deadly Disease

HATTIESBURG, Miss. (AP)—A 21-year-old father who arrived here today after leaving his baby in California "just a little feverish from cutting her teeth," found himself in physical danger.

His 5-month-old child had died a day after he left Los Angeles from meningococcemia, a virulent, highly communicable form of meningitis.

Douglas Nelson McRee of Palm Dale, Calif., a native of Hattiesburg, learned of the death when he reached his grandparents' home early today.

His wife 18-year-old Margaret, already alerted to the danger, had telephoned ahead with the news of their child's death and the surrounding circumstances.

An all-points bulletin had been sent out by authorities in an effort to reach McRee so that he and the party with whom he was traveling could seek medical aid.

In the group were McRee, Mr. and Mrs. Calvin Thompson and their four children, aged 3 and 8. Danger of the adults catching the disease is not great, a hospital official said, but there is considerably more chance for the children.

Authorities said all the group would have to take a sulpha drug for 10 days as a preventative measure. Officials could not determine immediately if the meningitis had been communicated.

McRee left Los Angeles Tuesday with the Thompsons, who were headed for Florida.

Scientist Dies From Dreaded Plague Disease

By RAYMOND E. PALMER

LONDON (AP)—Health officials maintained a close check today on 42 persons possibly infected by a British germ warfare scientist who died Wednesday of the pneumonic plague—a form of the Black Death.

One official said there is no danger of epidemic.

Twelve persons, including the scientist's widow and his daughters, age 15 and 11, were quarantined in their homes. The remaining 30 are ambulance attendants and staff members at the hospital that treated 44-year-old George Bacon, who was stricken Sunday and died Wednesday. They have been vaccinated and are working under observation.

All will be given daily doses of antibiotics until the danger period ends in the next 10 days, officials said.

Dr. Frederick Lishman, medical officer of health for Salisbury, said, "We are satisfied that all contacts have been found. I am satisfied that there is no reason to expect anything like an epidemic. But one cannot rule out the possibility of one or possibly two secondary cases."

Bacon was a research officer at Britain's principal germ warfare research center at Porton Down in Wiltshire and was reported working on pneumonic and bubonic plague projects.

A few ounces of some germs handled at the 17-year-old center are virulent enough to wipe out whole populations. Part of the center's work is designed to find means of combatting possible enemy germ war attacks.

The War Office announced the cause of death Friday as pasteurized milk, or the pneumonic plague. It said the circumstances had not been determined and ordered an investigation.

Pneumonic and bubonic plagues were popularly lumped together as the Black Death, which swept Europe in the Middle Ages. Pneumonic plague is the more infectious of the two and attacks the lungs. It is spread primarily through the air. Bubonic is the more common and is usually transferred to man by infected fleas and from diseased rats.

The last plague epidemic in England was during 1645, when it took about 60,000 lives in London alone.

Arkansan on Plane
WASHINGTON (AP)—ANT 3 John G. Faulkner, son of Claude O. Faulkner of North Little Rock, Ark., was among 13 officers and enlisted men said by the Navy Thursday to be aboard a twin-engine Navy patrol plane which crashed off the Philippines.

The latest direct account of Khrushchev's views was reported to Washington by retiring U.S. Ambassador Llewellyn Thompson just before he left Moscow last week. He spent considerable time with the Soviet leader a week ago Wednesday.

Khrushchev is understood to have told Thompson that he would have to make up his mind about the long-threatened peace treaty without too much further delay. He also gave Thompson to understand that he wants to develop further his case for a change in the status of West Berlin. This could mean that he intends to open up the whole issue in the United Nations General Assembly in the fall, again claiming that the continued Western occupation of the city creates a threat of war which could be eliminated if the West would bow to his demands.

Several weeks ago Kennedy called in Soviet Ambassador Anatoly Dobrynin to try to get across to Khrushchev through the envoy that the United States will not withdraw from West Berlin and will if necessary use force to defend the Communist-encircled city. No one here is really sure yet that Khrushchev believes this message.

Kennedy and Secretary of State Dean Rusk are known to believe, however, that if any doubt remains in Khrushchev's mind about Western intentions, it is a fairly small one.

The best informed officials here believe that in the end Khrushchev will choose to avoid war but that he will go through with the peace treaty threat.

Mrs. Finkbine Has Gone Into Seclusion

PHOENIX, Ariz. (AP)—Sherri Finkbine slipped into temporary seclusion today amid hints that she was headed for Sweden and her planned abortion.

In Los Angeles, Scandinavian Airlines reported that the Phoenix television personality and her school teacher-husband, Robert, had reservations for a flight to Stockholm with a stop at Copenhagen, Denmark.

The Finkbines could not be found for comment but their lawyer confirmed they had decided on the where and when to abort her pregnancy of nearly three months.

The Finkbines say Sherri could give birth to a malformed child, the result of a drug she says she took to placate nausea during the early stages of her pregnancy. The drug, thalidomide, since has been blamed for deformities in thousands of babies born in Europe, Australia and Canada.

The only indication of their plan was the reservation out of Los Angeles today. There had been another reservation — also for Stockholm with departure from New York — but that was canceled.

Mrs. Finkbine, 30, star of "Romper Room," a children's television program and mother of four healthy youngsters, originally had sought to have the abortion here.

Arizona law permits abortion only when the expectant mother's life is in peril. A Superior Court judge refused to give her any guarantee against prosecution.

A Swedish official has indicated that government permission for an abortion for women who have taken thalidomide would be easily obtained.

Paid Off After 25 Long Years

NEW YORK (AP)—After 25 years of being an ordinary Long Island Rail Road commuter, John K. Mountford is going to get a whole train for himself and friends — along with free food and liquid refreshments.

Mountford was told Thursday his name was selected from among 50,000 daily commuters who belong to the "Legion of Influential Rail Riders" (Initials which match the railroad's).

Mountford, 44, an insurance lawyer, will have a diesel locomotive, two deluxe parlor cars and white coated attendants to serve himself and 25 friends on an outing to Montauk, on the eastern tip of Long Island.

Russia Will Sign Treaty With East

By JOHN M. HIGHTOWER
AP Diplomatic Affairs Writer

WASHINGTON (AP)—Soviet Premier Khrushchev probably will sign a separate peace treaty with Communist East Germany later this year. But it is highly unlikely he will give the German Reds the power to plunge the world into war over Berlin.

American leaders are now generally agreed that a new Berlin crisis is in the making.

They are receiving a steady flow of Soviet-inspired rumors of trouble in European capitals. They get forewarnings, too, through such acts as increased Soviet aircraft operations in the Berlin air corridors and the Red threat to shoot down an American helicopter at Berlin earlier this week.

The signs of a new flareup or crisis are growing almost every day. Yet there is also evidence that Khrushchev has not made all of his final decisions as he continues his pressures to get the United States, Britain and France to abandon West Berlin.

Problems of Berlin strategy and diplomatic and legal issues related to the peace treaty itself are assumed here to be under discussion or planned for discussion between Khrushchev and East German Communist leader Walter Ulbricht somewhere on the Black Sea. Ulbricht flew from Berlin to the Soviet Union Wednesday.

The latest direct account of Khrushchev's views was reported to Washington by retiring U.S. Ambassador Llewellyn Thompson just before he left Moscow last week. He spent considerable time with the Soviet leader a week ago Wednesday.

Khrushchev is understood to have told Thompson that he would have to make up his mind about the long-threatened peace treaty without too much further delay. He also gave Thompson to understand that he wants to develop further his case for a change in the status of West Berlin. This could mean that he intends to open up the whole issue in the United Nations General Assembly in the fall, again claiming that the continued Western occupation of the city creates a threat of war which could be eliminated if the West would bow to his demands.

Several weeks ago Kennedy called in Soviet Ambassador Anatoly Dobrynin to try to get across to Khrushchev through the envoy that the United States will not withdraw from West Berlin and will if necessary use force to defend the Communist-encircled city. No one here is really sure yet that Khrushchev believes this message.

Kennedy and Secretary of State Dean Rusk are known to believe, however, that if any doubt remains in Khrushchev's mind about Western intentions, it is a fairly small one.

The best informed officials here believe that in the end Khrushchev will choose to avoid war but that he will go through with the peace treaty threat.

Marshal Shot at Ashdown; Youth Dead

ASHDOWN, Ark. (AP)—A teenager shot himself to death today as police chased him for questioning in the wounding of the Ashdown night marshal, the sheriff's office said.

The name of the dead youth was not learned immediately. A companion was arrested and state, county and city officers pressed a manhunt north of Ashdown for three more young men.

Night Marshal Elmer Ross, 45, was shot once in the mouth and once in the chest when he stopped a car in which five young men were riding.

Ross was taken to Wadley Hospital in Texarkana, where his condition was reported fair during emergency surgery.

After the marshal was shot, the five youths jumped from the car and scattered on foot. Officers said two of them hitchhiked and got a ride north, but when police stopped the car one jumped out and shot himself.

The other was arrested and was being questioned. The manhunt for the other three was centered in a wooded area north of Ashdown just off U. S. Highway 71.

J. W. Cunningham
Postal Employee, Dies Here Friday

J. Wadley Cunningham, 52, died Friday night at his home here. He was a postal employee and a member of Garrett Memorial Baptist Church.

Survivors include his wife, one son, Byron, one daughter, Mrs. Charles Halbert.

Funeral arrangements are in complete and will be announced by Oakcrest.

By Following the Names of Men a Tourist Could Get a Good Look at Arkansas

By MARY ANITA LASETER

Some months ago we took an imaginary excursion to communities in Arkansas with the names of girls, beginning with that most familiar one, Hope. But today, we are taking a different trip — one to all the communities with the names of men.

There are only two stops in the "A" category — Alexander and Aubrey. Barney, Baxter, and Ben are the next boys whose names are found on towns. If this "B" comes in threes, the next should be four, you say? No, you are mistaken, for there are six towns in the next group, Calvin, Carroll, Cecil, Chester, Clyde and Curtis.

Dewey and Douglas were both famous men, as was Franklin, and all now are the names of Arkansas towns. It isn't certain which Dewey, Douglas, or Franklin were the people for whom we have towns named, but we can pretend they were for the admiral the orator and the inventor.

On the subject of "guys," we have one of those, too. A "Guy," I mean. And two other "G"'s are George and Gregory. A taste of the Slovak and the French are found in such names as Ivan and Jerome. The largest number of names beginning with the same letter come from the middle of the alphabet.

Lamar and Leonard are the first of these "middle-of-the-road men." The next one, Leslie, is a puzzle, for this could either be the name of a man or a woman. Lester and Lucas we feel reasonably certain are masculine. Though Beethoven died nine years before Arkansas became a state, we have a town which bears his first name, Ludwig. Maybe it was named for someone else with that same "handle." To complete the "L"'s, we have Lucas.

Marion, Marshall, and Mitchell comprise our next listing, but, come to think of it, there are other states with towns of those same names. That could be a category in itself, which we will tackle at a latter time. Right now, let's see what other fellows we can find.

Nathan and Norman are both found in Arkansas, and we wonder who used that last name first, Oklahoma or our state. Did you know we have an Otto, a Perry, and a Ralph? The map enlightens me, too. "Snow" is not only an atmospheric condition, but also the name of a boy, a girl, a storybook character, and an Arkansas community.

The last of our masculine names begins with neither "X," "Y," nor "Z." It's not too far away. The initial is "W." You are so right. Warren is it. But you don't win a jackpot, if you guessed right. Better luck next time.

Need An Animal? You Can Get One

ANN ARBOR, Mich. (AP)—Need a couple of black bears or some foxes, raccoons or a deodorized skunk?

Or how about some turtles—eight different kinds?

The University of Michigan Museum has three months to find homes for these animals, or have them destroyed, said Dr. Irving G. Reimann, director.

The animal cage and reptile pit at the rear of the museum building must go to make way for a new \$1 million building that will serve as a national center for research in animal biosystematics.

Huge Balloon Releases Live Cargo

PRINCE ALBERT, Sask. (AP)

A huge plastic research balloon launched from Goose Bay, Labrador, released its live cargo today in a wilderness area about 55 miles northeast of here.

The capsule dropped from the balloon contained two monkeys, two hamsters, flour beetles and an assortment of seeds and nerve cells.

They were sent aloft to test the effects of cosmic radiation in space and traveled across the country at heights of 112,000 to 128,000 feet.

The 380-foot balloon was the second in a series being launched by the U.S. National Aeronautics and Space Administration. The first was launched July 14 from Goose Bay on a 54-hour flight to within a few miles of the spot where the second balloon dropped its capsule today.

It was not immediately known if the second balloon's cargo of living passengers survived. A similar group of creatures aboard the first flight died during their journey because of a failure in oxygen and heating apparatus.

The Athabaska Airways helicopter, piloted by Dennis Lamb, took officials to the drop site, near Candle Lake, to recover the balloon's jettisoned payload.

Eight Road Jobs Total \$5.9 Million

LITTLE ROCK (AP)—The Arkansas Highway Commission opened bids today on eight road and bridge projects worth \$5,970,927.

Included were interstate jobs near Texarkana and Russellville. W. R. Fairchild Construction Co., of Farmville, La., was apparent low bidder at \$1,726,743 on the Texarkana project which calls for initial work on 11 miles of Interstate 30.

S. E. Evans Construction Co., of Fort Smith bid \$1,960,949 on the Russellville job which calls for six miles of preliminary work on Interstate 40 in Johnson and Pope counties.

D. F. Jones Construction Co., of Little Rock got the other major project—surfacing 4.6 miles of Highway 65 between Marshall and Omaha—for \$1,055,484.

Other jobs, by county, with apparent low bidder and the amount of the bid included:

Cross — Surfacing one mile of Highway 64 eastward from the St. Francis Bay bridge, W. K. Ingram Construction Co., of West Memphis, \$220,221.

Drew and Cleveland—Surfacing 6.3 miles of Highway 35 between Rye and Monticello, Ben F. Hawkins of Lake Village, \$192,706.

Independence — Surfacing 4.5 miles of Highway 106 between Batesville and Bethesda, Southeast Construction Co., of Pine Bluff, \$311,862.

Union—Surfacing .8 miles of the El Dorado bypass, Highway 167, J. Lester Booker Co., of Little Rock, \$125,172.

Benton: Superstructure for the White River bridge on Highway 12, Guy H. James Co., of Oklahoma City, \$380,960.

Actor Is in Fair Condition

LOS ANGELES (AP)—Actor Charles Laughton, 63, was reported in fair condition today after surgery at Cedars of Lebanon Hospital.

Laughton had the operation Thursday for a collapsed vertebra. He underwent surgery in New York for cancer two months ago.

Billie Sol and Associates to Surrender

AMARILLO, Tex. (AP)—New York corporation chief Maynard Wheeler, president of Commercial Solvents Corp., is due to surrender Monday on a Texas antitrust indictment growing out of the far-flung Billie Sol Estes case.

His attorney, Whitman Knapp, said that Wheeler would present himself at 10 a.m. Monday to police in Manhattan.

Wheeler, Estes and R.E. (Bob) Clements, former owner of Superior Manufacturing Co. of Amarillo, Tex., were indicted by a grand jury here Thursday. Their names were not revealed until Friday. Superior Manufacturing Co. was a key company in the Estes operations.

The indictments against Wheeler and Estes charge two counts of conspiracy to fix prices on anhydrous ammonia fertilizer and two counts of restraint of trade. Wheeler denied the charges Friday in a statement issued in New York.

Estes and Clements, the latter a co-founder of the historic Townsend Plan for the Aged in the 1930s, surrendered to Potter County (Amarillo) officers and were released immediately on bonds of \$10,000 each.

In Dallas, Morris D. Jaffe of San Antonio, Tex., said he was negotiating with the Estes receiver, Harry Moore, to buy the Estes assets. In El Paso, where most of the Estes case has been heard so far, unofficial estimates have put the value of the assets at around \$6.5 million.

Jaffe, a discount store chain owner and reputed millionaire at the age of 32, said he regarded the whole thing "merely as an investment."

The Senate Investigations subcommittee, headed by Sen. John L. McClellan, D-Ark., was in recess until Wednesday.

Before the group recessed Friday, McClellan said that somebody in the Department of Agriculture tried to "sweep the Estes case under the rug."

Rep. Karl E. Mundt, R-S.D., joined McClellan in accusations against the Agriculture Department. He demanded that the agency explain whether "stealth, stupidity or human frailty" delayed a report to the FBI on Estes' activities.

Rep. Davis Is Winner in Tennessee

MEMPHIS (AP)—Rep. Cliff Davis, D-Tenn., was renominated ninth district congressman in Thursday's Democratic primary, defeating two young opponents.

With 11 of the 188 precincts reported, Davis had 43,384 votes to 25,97 for Ross Pritchard, a former college professor,

SOCIETY

Phone 7-3431 Between 8 A. M. and 4 P. M.

Calendar

Sunday, August 5

Concluding the summer term, the piano and organ pupils of Mrs. C. C. McNeill will give a recital for the parents, Sunday at 4 p.m. in the chapel of the First Presbyterian Church.

Monday, August 6

Circle 6 of the WSCS, of the First Methodist Church will meet Monday, August 6 at 2 p.m. in the home of Mrs. Lamm Cox.

Circle 3 of the WSCS will meet Monday, August 6 at 9:30 a.m. in the home of Mrs. R. P. Barlow. Mrs. E. W. Copeland will be co-hostess and Mrs. Edwin Ward is leader.

Circle 4 of the WSCS of First Methodist Church will meet Monday, August 6 at 9:30 a.m. in the home of Miss Mary K. Lehman. Mrs. Cecil Weaver is leader.

Circle 2 of the First Methodist Church will meet Monday, Aug. 6 at 9:30 a.m. in the home of Mrs. Robert LaGrone with Mrs. William Reinhardt as leader.

Circle 1 of the First Methodist Church will meet Monday, Aug. 6 at 4 p.m. in the home of Mrs. Ralph Routon. Mrs. Pearl Owen is leader.

Coming and Going

Mrs. Howard West of Dallas has been the guest of her mother, Mrs. Era Berger and sister Mrs. Walter Verhalen. Mrs. West and Mrs. Berger were joined by Mark Verhalen for a visit in Hot Springs last weekend.

Mr. and Mrs. Jack Bundy and Jettie have arrived in Hope from Memphis for a visit with Mrs. Leon Bundy and the Dexter Baileys.

He Apparently Knew Subject

MIAMI, Fla. (AP)—Two weeks ago Jimmy Pullen addressed a chamber of commerce seminar on good business. His theme: his former life as a check forger.

Pullen, 32, said he had reformed, adding: "I dress neatly, behave like the boy next door, and I always look people straight in the eye."

Thursday, Pullen was sentenced to a year in prison after pleading guilty to passing 57 worthless checks totaling \$4,843.50.

Pistol Fatal

OSCEOLA, Ark. (AP)—Police said Thursday 12-year-old John Cobb was shot to death while playing with a pistol which accidentally discharged. The youngster's body was discovered by his mother, Mrs. Bradford E. Cobb, in the living room of their home when she returned from work for lunch.

Department Store Sales Higher

ST. LOUIS (AP)—The Federal Reserve Bank of St. Louis reports that department store sales in the Eighth Federal Reserve District last week were four per cent above those of the similar week in 1961.

Memphis led the rise with 14 per cent. St. Louis was up six. However, other centers reported declines. Louisville fell six per cent, Little Rock dropped three per cent and sales in seven smaller district cities fell one per cent.

Sales for the four weeks ended July 28 were nine per cent above those last year and district sales to date are six per cent above last year.

Two Referendum Petitions Out

LITTLE ROCK (AP)—Secretary of State Nancy Hall said Thursday two referendum petitions challenging legislative acts will not appear on the November general election ballot.

But a third such petition, asking for voters to decide on the Arkansas Motor Vehicle Commission Act of 1961, will remain on the ballot.

The two not making the ballot deal with the first Congressional Redistricting Act and the repeal of the Railroad Lookout law.

Both were passed during the regular session of the 1961 legislature and after they were signed by Gov. Orval E. Faubus, petitions to refer the acts to the voters were circulated.

In a subsequent special legislative session, the acts were reviewed and amended. No such action, however, was taken on the Motor Vehicle Commission law.

The attorney general's office held that legislative amending of the original acts eliminated the necessity for a referendum.

Nuclear Reactor in Operation

BUCHANAN, N.Y. (AP)—A nuclear reactor was put into operation Thursday night by Consolidated Edison Co., promising fission-generated electricity for millions of New Yorkers in about three weeks.

The company has been working on the Westchester County plant for 10 years and has spent \$120 million in developing it.

When You Try to Ape the Other Fellow You Generally Make a Monkey of Yourself

By HAL BOYLE

NEW YORK (AP)—Once upon a time a family named Smith bought a house in the suburbs next door to a family named Jones.

Naturally, since they moved in different circles and hadn't been properly introduced, they never spoke to one another.

Their houses to a passing eye would seem as alike as two bubbles in beer foam, but one day Mrs. Smith thought she detected a deeper green in her neighbor's grass.

"That night she told her husband: 'Our lawn is positively shabby. You'll have to do something about it. After all, we have to keep up with the Joneses.'"

"That weekend Mr. Smith could be seen tossing grass seed from a five-pound bag. The following weekend Mr. Jones was observed heaving grass seed from a 10-pound bag."

Soon Mrs. Smith decided the family next door had a shinier power lawnmower.

"We can't hold our heads up in this neighborhood unless we keep up with the Joneses," she told her husband.

Mr. Smith bought her a two-seated lawnmower marked "His" and "Hers."

The following week the Joneses and their child were cutting their grass in a spanking new three-

Ruling in Road Fund Case Upheld

LITTLE ROCK (AP)—The attorney general's office Thursday upheld action by Sebastian County Judge Ben A. Geren in denying the use of road funds for a Scott County bridge.

Asst. Atty. Gen. Russell G. Morton said the constitution requires that county road taxes be used in the respective county and that Geren had no authority to build a bridge across a stream in another county.

The question arose, Geren said, when the Mansfield School District Board, whose district lies in both counties, built a new school one mile inside Scott County.

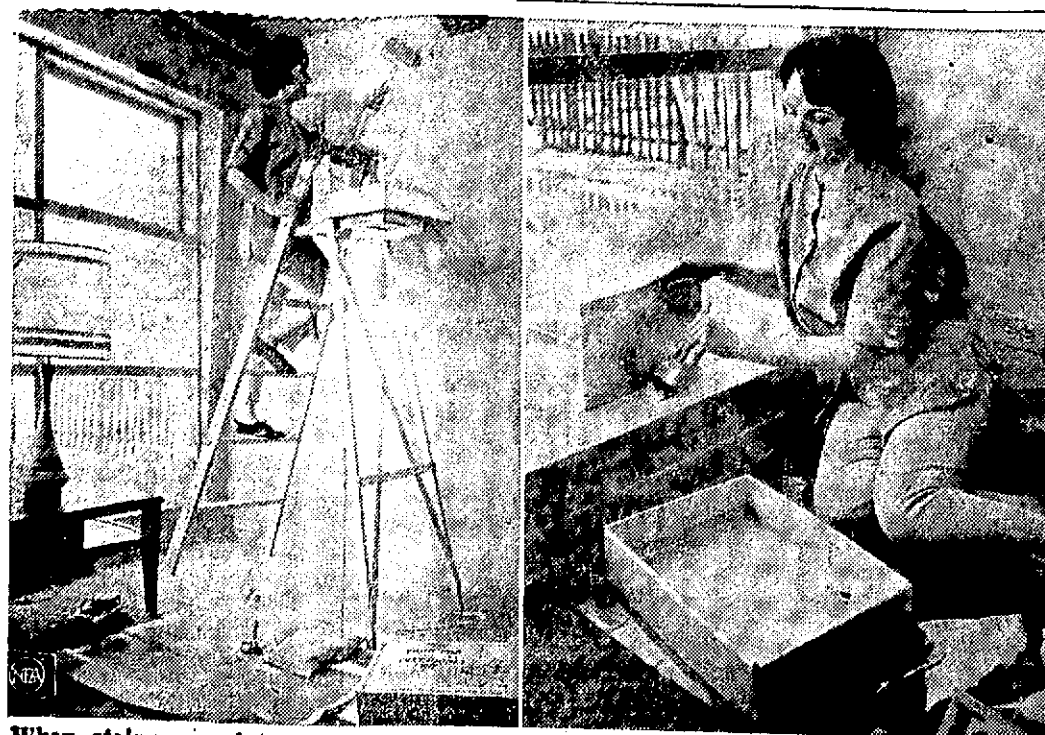

A bridge had to be built across a stream in Sebastian County to provide access to the new school.

Population 18 Million in Canada

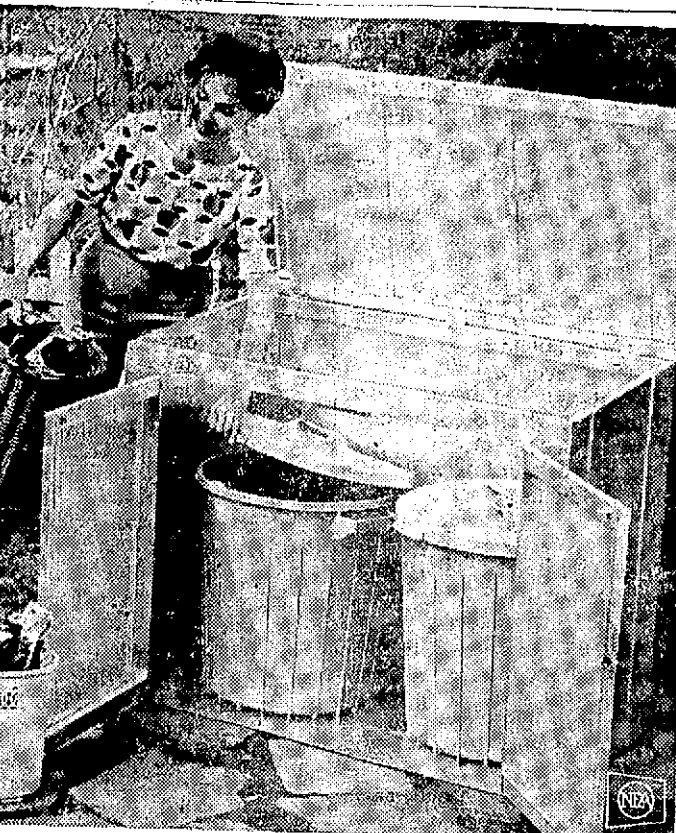

OTTAWA (AP)—Canada's population as estimated June 1 at 18,570,000, reflecting the smallest annual increase since 1950, the government reported today.

The gain over last year was 332,000.

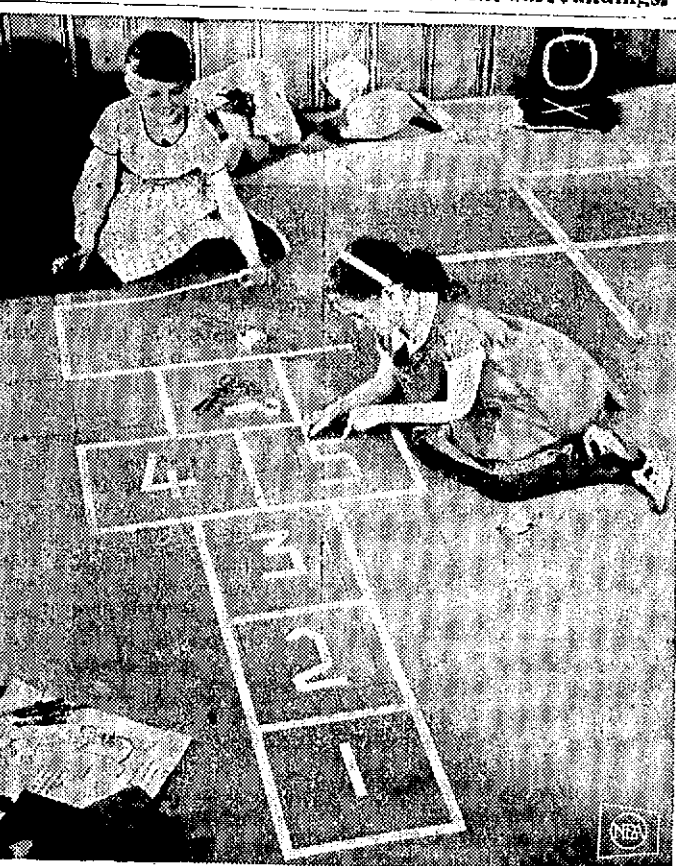

Canada apparently lost more people through emigration than it gained by immigration during the 12 months up to June 1. The Dominion Bureau of Statistics estimated emigration at 72,000 or 73,000 and immigration at around 70,000.

When stains mar interior walls and woodwork, spring painting is indicated. Home-maker, left, wields roller and acrylic paint on wall surfaces. At right, she is painting a window sill. Note disposable paint tray.

Aluminum utility house keeps trash cans out of sight. It can also be used for furniture, toy or screen storage. Its non-rusting surface can be painted to blend with surroundings.

Hopscotch comes in out of the rain to be marked out on the playground floor with washable, waterproof colored plastic tape. In background—a ticktacktoe pattern.

Wives Take Warning!

By HELEN WORDEN ERSKINE

Dear Helen: I've just read the letter signed "Wife Beater" in your column. My dear sister died last April because she believed a wife-beater could be cured with love and understanding. She was 47 and, for the last 10 years of her life had been taking beatings from a husband who worked off his frustrations on her. Although a man of great intelligence and fine position, he was secretly sadistic and, alas, his poor wife died at the target! She died at the hospital after two brain operations and five days in a coma. Please advise all women whose husbands beat them to flee while they can. It is better to lose your home than your life. Sorrowing Sister.

Dear Sorrowing: If your brother-in-law was the cause of his wife's death he should have been charged with murder and brought to trial. What guarantee have you that he will not marry a second time and repeat the tragedy? Such a man is a menace to society and himself.

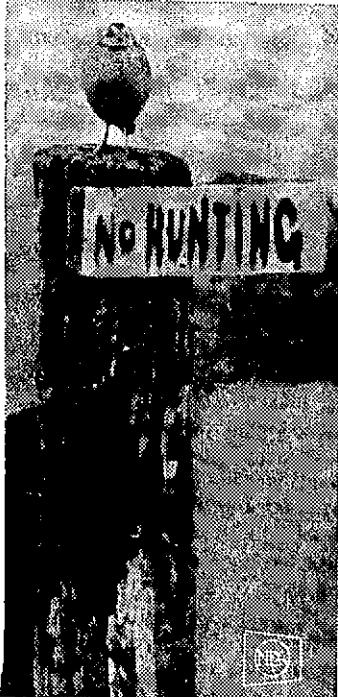

Dear Helen: I never thought the time would come when I'd be writing you but that irritating "Long Suffering Daughter-in-law" who bellyaches about her poor mother - in - law made me mad enough to do it. So here goes. While she spouts do-good platitudes at her club, who is home taking care of her family? Who cooked a hot supper that night Faithful old mother-in-law. I happen to know. That daughter-in-law

matter of fact

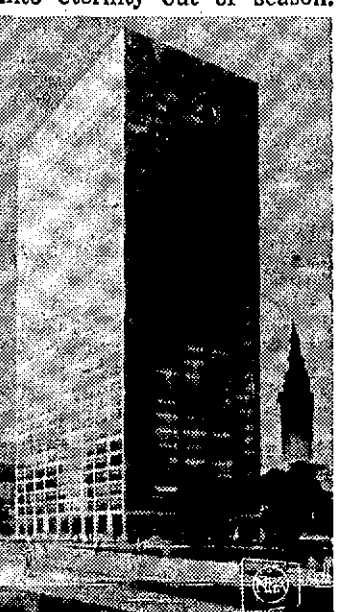

Archeologists are always seeking clues in an attempt to establish how long man has lived on the North American continent. Not too long ago archeological excavations revealed a record of continuous habitation covering about 9,000 years in Russell cave and adjoining lands near Bridgeport, Ala. During 1961, national monument status was given to this area.

CAUTIOUS QUAIL—The season on game birds is a long way off in Independence, Kan., but this quail is taking no chances of getting blown into eternity out of season.

NEW FEDERAL BUILDING—This is an artist's conception of the \$41.2 million federal building the United States will erect in Cleveland, Ohio. The 32-story skyscraper will house many now-scattered bureaus. It will be the third largest U.S. building.

the children need a father and—yes, I need a husband. —Little Older, Lots Wiser

Dear Little: The ache will ease if you deliberately shut out the past. It can be done. Compassion and understanding go hand in hand with age and wisdom. Cultivate them and you will find the sting drawn from your husband's infidelity. If you can't forget then you have not truly forgiven.

Send your problem to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope and address her care of this newspaper. Helpful leaflets available. Write for "Philandering."

Space Story Given Away by Penney's

Story of America's space program is depicted in pictures and words in a colorful red, white and blue wall chart now available at Penney's.

Manager Forrest Singleton said the 177 by 134 inch chart, suitable for mounting and hanging in children's rooms as well as family rooms, is designed to help children in their science courses as well as heighten their interest in space.

The chart, which can be obtained at Penney's shoe department, concentrates on the exploits of the seven original astronauts selected for Project Mercury. There are pictures of the astronauts with capsule descriptions of the Shepard, Grissom, Glenn and Carpenter flights and biographies of the other three astronauts — Cooper, Slayton and Schirra.

Another feature of the wall chart is a sketch of the scene at Cape Canaveral just before launching of the Mercury spacecraft. In the scene, the astronaut, Lieut. Comdr. Scott Carpenter, is shown on his way to the spacecraft as technicians and other personnel complete preliminaries necessary for the flight.

There is additional coverage of the most recent manned orbital flight by Carpenter. It shows the view he had of the instrument panel in his capsule the Aurora 7, as well as the sequence of events during the flight.

Still another point of interest on the Penney chart is a projection of what Americans can anticipate in space during the rest of the decade, with the first landing on the moon and return to earth the culmination of these plans.

The Penney manager said he feels the chart has educational as well as decorative value and invited kids of all ages to come in for their copies.

Peronists See More Walkouts

BUENOS AIRES, Argentina (AP)—Claiming victory in the 48-hour nationwide strike that ended at midnight, a Peronist labor leader today predicted more walkouts and an increase of violence in the days to come.

The 3-million-member General Confederation of Labor, dominated by followers of ex-dictator Juan Peron, called the strike to press demands for President Jose Maria Guido's military-backed regime to pay back wages, hike salaries, freeze prices and reverse a number of other austerity measures adopted to bolster Argentina's foundering economy.

13% Attending Private Schools

WASHINGTON (AP)—The Census Bureau says 13.6 per cent of the nation's school children attend church schools or other private schools.

Total school enrollment from kindergarten through the 12th grade was 40.8 million in April 1960, the bureau reported Thursday.

It said the 1960 census showed 35.3 million, or 86.4 per cent, were attending public schools.

Germans Greet Ike Wholeheartedly

COLOGNE, Germany (AP)—An enthusiastic crowd of 20,000 persons jammed the square and streets in front of ex-President Dwight D. Eisenhower's hotel today and prevented him from visiting the famed Cologne Cathedral across the way.

Police tried to rope off a passage through the crowd but the shouting well-wishers strained against the ropes, and Eisenhower sent word that he would call off the visit.

Everywhere they went Thursday after their arrival, Eisenhower, his wife and two grandchildren were greeted by waving, clapping Germans.

Plane Wreckage Is Sighted

MANILA (AP)—The wreckage of a U.S. Navy seaplane missing with 13 crewmen was sighted today on a mountain in northern Luzon Island, the U.S. Navy reported.

There was no immediate indication whether there were any survivors.

The P5M Marlin disappeared early Thursday while returning to its base at Sangley Point Naval Station after a night training mission.

The DC3 has been missing since Wednesday afternoon on a flight from Kalamandau to New Delhi. It is believed to have crashed in the Himalayan foothills, roughly halfway between the two capitals.

Weather Restricts Plane Search

NEW DELHI, India (AP)—Bad weather continued today to restrict the search for a Nepal airliner missing with 10 persons aboard. The passengers included two U.S. foreign aid officials.

The DC3 has been missing since Wednesday afternoon on a flight from Kalamandau to New Delhi. It is believed to have crashed in the Himalayan foothills, roughly halfway between the two capitals.

The DC3 has been missing since Wednesday afternoon on a flight from Kalamandau to New Delhi. It is believed to have crashed in the Himalayan foothills, roughly halfway between the two capitals.

AVATA Elects

PINE BLUFF, Ark. (AP)—Herbert Smith, vocational agriculture teacher at Cullendale High School, Camden, is the new president of the Arkansas Vocational Agriculture Teachers Association. He was elected at the Negro organization's convention here which ends today.

Mt. Ida Hospital

MOUNT IDA, Ark. (AP)—Mooney Construction Co., Hot Springs, submitted an apparent low bid of \$208,400 Thursday to build a 10-bed hospital and 20-bed nursing home at Mount Ida. A \$150,000 bond issue to help finance the hospital was approved in 1961.

'Ben-Hur' Coming to Dixie Drive-In Aug. 19 Thru 23

In this scene from Metro-Goldwyn-Mayer's Academy Award-winning "Ben-Hur," Heston, as Jesus, pleads with Charleton Heston (Ben-Hur) to forget his hatred of the Romans. The William Wyler presentation was filmed in Italy and other foreign locales in color and MGM Camera 65.

Late Show Sat. at Saenger Also, Sunday - Monday

"ROME ADVENTURE" STARS TROY DONAHUE, ANGIE Dickinson, Rossano Brazzi and introduces lovely Suzanne Pleshette.

Texans Buy Lime Co. at Batesville

BATESVILLE, Ark. (AP) — A group of Cleburne, Tex., businessmen has purchased the Batesville White Lime Co., and two of its subsidiaries, it was announced today. The sale price was not disclosed.

Bill Cobb, vice president of the Batesville company, announced the sale by Mrs. Louis R. Myers, wife of the late president of the company. The Myers' held controlling interests.

The buyers include R. E. Roberts Manufacturing Co., W. E. Bager, president of the Cleburne National Bank, James D. Young, president of Cletex Trucking Co., and H. B. Bailey Jr., president of Cobb Industries, Inc.

Bailey will become president of the Batesville company, and Cobb will stay on as vice president and general manager.

The Batesville company, located five miles northwest of Batesville, mines and ships quick lime and hydrated lime to paper mills, water plants, sugar mills and ore refineries throughout the United States and in some foreign countries.

Its subsidiaries, Arkansas Lime, Stone Co. and Love Hollow Lime, Stone Co., are located 15 miles northwest of Batesville. They ship large amounts of crushed lime, stone to aluminum plants operated in Arkansas by Reynolds Aluminum and the Aluminum Company of America.

**EVER
Alone...**

**GOD
is
THERE**

John, the last prophet of the Bible, dreamed of a place where there would be no night. There is such a place. We live in an X-ray world. While we may not be conscious of it, a light is forever falling upon us. God's light falls upon this man. *Brother, your could not make it alone! We must have Him.* How foolish of anyone to try to walk in darkness... to walk alone. Why, you can't do it. *Even the way to church is lighted with His presence when you head that way.* God watches over His children, and doesn't that make you glad? Look at the friendly, ever watchful eye of God pictured on our one dollar bill. He is watching over the destinies of our America. He will guide the steps of His children, if they allow Him... will you?

**You In The Church...
The Church In You -**
Form a combination for good. Every man, woman and child needs the influence of the church. Be a faithful worker. Attend every service.

So They May See == St. John 14:1-15 == So They May Hear

LET NOT YOUR HEART be troubled: ye believe in God, believe also in me.

2. In my Father's house are many mansions: if it were not so, I would have told you. I go to prepare a place for you.

3. And if I go and prepare a place for you, I will come again, and receive you unto myself; that where I am, there ye may be also.

4. And whither I go ye know, and the way ye know.

5. Thomas saith unto him, Lord, we know not whither thou goest; and how can we know the way?

6. Jesus saith unto him, I am the way, the truth, and the life: no man cometh unto the Father, but by me.

7. If ye had known me, ye should have known my Father also: and from henceforth ye know him, and have seen him.

8. Philip saith unto him, Lord, shew us the Father, and it sufficeth us.

JESUS SAITH UNTO HIM, Have I been so long time with you, and yet hast thou not known me, Philip? he that hath seen me hath seen the Father; and how sayest thou then, Shew us the Father?

10. Believest thou not that I am in the Father, and the Father in me? the words that I speak unto you I speak not of myself: but the Father that dwelleth in me, he doeth the works.

11. Believe me that I am in the Father, and the Father in me: or else believe me for the very works' sake.

12. Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father.

13. And whatsoever ye shall ask in my name, that will I do, that the Father may be glorified in the Son.

14. If ye shall ask any thing in my name, I will do it.

15. If ye love me, keep my commandments.
